

*In a previous program we investigated the life of John the Baptist – the man who was to introduce Jesus to the world and prepare the hearts of men for the message of Jesus. It was prophesied of John that he would come in the spirit of Elijah - an Old Testament prophet we know some details about. Well, what was so special about Elijah, that John was to be like him, and that Elijah along with Moses, would appear in the vision on the mount of transfiguration? Why Elijah? Why not Abraham or Noah or Jeremiah? This program will look at the life and times of Elijah and see just what all the attention was all about – just what was so special about Elijah?*
